311 complaints (24mo):
None in the filtered 24-month window.

Score method:
* Start at 100 (better = higher).
* Minus up to 40 for open heat/boiler-related building violations (12 pts each).
* Minus up to 45 for other open building violations (2 pts each, plus extras above 20 and 100 open).
* Minus up to 20 for rodent-related open violations and 311 rodent complaints (4 pts each).
* Minus up to 15 for recent 311 building complaints (2 pts each).
* Extra -10 if 3+ open heat-related violations.
* Chicago 311 takes no-heat complaints, but the City's public 311 dataset does not publish them as a separate type, so heat here comes from open Department of Buildings heat-related violations (codes/descriptions, e.g. CN132016 HEAT UNIT ADEQUATELY). 311 building complaints are counted separately, not as heat.
* Public records only - not an inspection, appraisal, or legal advice.

About these City violation records, from the City of Chicago Building Violations dataset description: " informational only and does not necessarily reflect the current condition of the building or property. The dataset contains cases where a respondent has been found to be liable as well as cases where the respondent has been found to be not liable."
